

**Kayu® International, Inc.** was founded in 1994 and is a Direct Importer of the finest Exotic Hardwood for the U.S. and Canadian markets; providing decades of **High Quality Hardwood, Dependable Service at Surprisingly Affordable Prices.** From exotic hardwoods used for commercial construction and the home improvement industry, to our purpose-focused Truck Decking – Keruing (Apitong) wood.

One of the world's largest serving Direct Importers of Exotic Hardwood Decking, Kayu® International; providing Kayu® Keruing (Apitong) for our customers. We import 100% authentic Keruing (Apitong) - the most popular hardwood trailer and truck flooring used in the entire transportation industry.

### Buy Direct from the Source

Kayu® buys direct from the source in SE Asia and ships directly to our warehouses, providing quality and savings to our customers. We have built a very strong and large client base in U.S. and Canada and have an equally strong hold in the global market for over 22 years.

Throughout our history our main emphasis has always been focused on providing the best quality hardwoods for our customers, when they want it.

With business growing solidly every year, we can honestly say we've accomplished that and more. Our warehouses are stocked year round and are located nation-wide on both the West Coast and East Coast.

Our Owner and President, Steve Wilson, has been in the Lumber Industry for more than 40 years and began Importing Lumber from SE Asia in the early 80's. KAYU® continues to maintain and purchase exotic hardwood for decades from many of the same Mill Owners.

A specialized team based out of Tigard, Oregon makes frequent visits each year to South East Asia to better communicate customer needs to the overseas purchasing staff and suppliers. Supported by full time and highly skilled experts with decades of training in the wood industry, the Malaysia KAYU team covers Indonesia and Malaysia extensively; negotiating the best prices, ensuring quality control and expediting shipments.

Additionally, KAYU offers the most advantageous shipping and logistical support, as well as constant monitoring of our US and Canadian inventory.

With this level of experience and success you can be reassured that you will be getting the high quality products you need and the service you deserve.
