

Legendary Performance[™]

Sapphire[™]

Sapphire[™]

KAYU[®]-Sapphire[™] is a Dark Red Merbau hardwood species. Beautiful, warm, reddish-brown color with gold colored flecks and a gorgeous, natural color variation. Carefully selected hardwood species; the result of over 30 years of extensive worldwide importing of hardwoods for the U.S. and Canadian markets.

100% Natural and 100% Organic

KAYU[®]-Sapphire[™] is a top choice for homeowners due to its natural warm beauty and renowned durability. Its dense structure and interlocking grain serve as a natural deterrent to decay, insects and molds. Class A Flame Spread Rating (same as concrete and steel). 100% clear grade, kiln dried and always double checked by **KAYU** exclusive graders. Often used in construction projects because of its high quality and sturdiness. A proven performer of the Highest Quality Hardwood.

KAYU[®]-Sapphire[™] Hardwood Decking

- ✔ Beautiful, warm, reddish-brown color with gold colored flecks and a gorgeous, natural color variation.

Disclaimer:

KAYU® hardwood products are carefully selected species and manufactured to ensure the finest quality. However, all natural wood is subject to some minor expansion and contraction as the moisture in the environment surrounding the wood changes through the seasons. Careful attention to our installation instructions will be important for long term performance and enjoyment.
