

Legendary Performance[™]

THE MOST BEAUTIFUL AND BEST PERFORMING MARINE DECKING OF ANY KIND

KAYU[®]-Genuine Plantation Teak[™]

Teak Has Long Been a Top Choice for Outdoor Decking, Due to Its Classic Warm Golden Honey-Brown Color and Durability. While There Are Plenty of Different Materials to Choose From, Teak Decking Is One of the Truly Upscale Options That Makes an Outdoor Space Look Like A Fine Yacht. Our Plantation Teak Is Grown to an Ideal Age in the Perfect Climate and Soil; Offering an Affordable Teak Option.

Unlike Other Lumber That Is Chemically Treated, Our KAYU[®] – Genuine Plantation Teak[™] Is Free From Chemical Toxins and Is Environmentally Safe for Your Family. Teak Is a Close-Grained Hardwood With a High Natural Oil Content. It Is One of the Most Durable of All Timbers, Highly Resistant to Any Rotting and Very Impervious to the Effects of Hot Sun, Rain, Frost or Snow.

KAYU[®] Genuine Plantation Teak[™] Decking Requires Little or No Maintenance Regardless of the Environment. The Natural Oil Content Within Teak Makes a Wonderful Natural Resistant Wood. This Characteristic Makes It the Ideal Wood for All Outdoor Decking, and It Has Been the Choice of Boat/Yacht Builders for Many Centuries. Once Seen Primarily on Elegant Yachts and in the Most Extravagant Estates, Our KAYU[®] Genuine Plantation Teak[™] Wood Is Plantation Grown and Harvested. Specially Selected and Plantation Grown, Bringing Down the Price of Our Teak Wood and Offering an Affordable Ecologically Sound Alternative; A Premium Wood of Choice for Designers of Hotels, Corporate Headquarters and Homes. An Amazing Hardwood and will satisfy those with the highest of standards. Truly the Essence of Luxury and Available from the Importer at Exceptional Prices.

Disclaimer:

KAYU® hardwood products are carefully selected species and manufactured to ensure the finest quality. However, all natural wood is subject to some minor expansion and contraction as the moisture in the environment surrounding the wood changes through the seasons. Careful attention to our installation instructions will be important for long term performance and enjoyment.
